Big Dog Ranch Rescue was founded in 2008 by Lauree Simmons on the idea that no dog should die in a shelter due to lack of space or a treatable medical condition. Since its inception, over 45,000 lives have been saved.

Lauree has become a powerful global voice on issues such as senseless euthanasia, the china dog meat trade, and the first animal anti-cruelty bill.

We invite you to visit our state-of-the-art campus and see for yourself our unique approach to rescue, where every dog is half-way home.

# Disaster Relief

On June 24, 2021, at approximately 1:22 a.m. EDT, Champlain Towers South, a 12-story beachfront condominium in the Miami suburb of Surfside, Florida, United States, partially collapsed. Ninety-eight people died. Four people were rescued from the rubble, but one died of injuries shortly after arriving at the hospital. Gummakonda Foundation was on-site for a week helping the families of the victims coming from outside the country and with low resources and communication problems. We also worked with consulates from Chile, and Paraguay to relocate families and with the help of the Florida District attorney’s office, we were able to help allocate funds to these families while waiting for the remains of their loved ones.

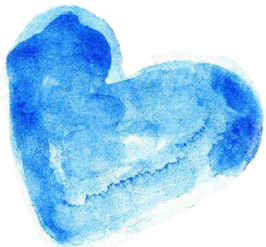

# Food-Drive

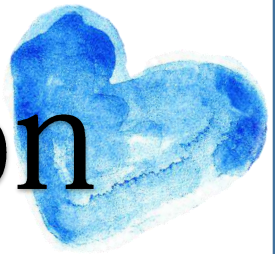

South Florida Hindu Temple is a place where hundreds of people come together for collective prayers each Sunday morning. The Temple's culture is one of inclusiveness and celebrates festivals from all corners of India.

Gumakonda Reddy Foundation has partnered numerous times to distribute food to individuals and families in need in our community every day in partnership with Florida's Homegrown Foodbank.

# Education

C. Crowdwe - Boys & Girls Clubs of Broward County offers a safe and supportive environment for children so they can learn and have fun. With themed weeks, programming combines social-emotional, physical, cognitive, and language learning to help children in their overall development.

Gummakonda Foundation has been a long side partner of this program by helping children with backpacks and monetary necessities to families struggling to give proper education to their children.

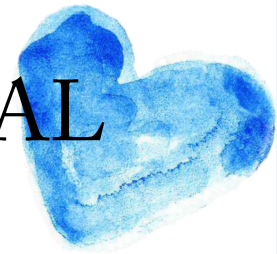

# INTERNATIONAL HELP

Gummakonda Foundation is a supporter of Akshaya Patra Foundation USA, which is one of the largest school lunch providers in the world. Through the organization's flagship Midday Meal program, they address low school enrollment and attendance rates; low socialization rates between different castes, and poor nutrition for some of the most underserved children in India.

# INTERNATIONAL HELP

In our effort to manage the distribution of resources we are proud to help AIM For Seva a service organization in India, founded by Swami Dayananda Saraswati in 2000 to make education and healthcare accessible to children in rural areas of India. It is a non-governmental organization in special consultative status with the United Nations Economic and Social Council.

# Funeral Costs

The Gummakonda Reddy Foundation aids low-income families unable to afford funeral costs. Financial assistance is available to help pay for some or all the funeral costs of a loved one in families that lack insurance or working poor, as well as senior citizens who live on a limited income.

# Gumma-Pups

The Gummakonda Reddy Foundation is now actively helping some of the most vulnerable creatures on earth as everyday dogs and cats are neglected, left in the streets to die when they are sick or killed in shelters. The Gummakonda supports rescue efforts that help our furry friends find loving homes. We think that Dogs and Cats are part of our families, and they deserve to have a good life, just like us.

# Homeless Help

At Christmas 2021 the Gummakonda Foundation served families and individuals in Miami Dade County who have fallen upon tough times and became homeless, bringing them boxes that included personal hygiene items and food and gift cards.
